CLINICAL PASTORAL EDUCATION

Ballarat
Regional Healthcare
CHAPLAINCY

24th JULY -
28th NOVEMBER 2023

Bev Pratt Chaplaincy Centre
and
Ballarat Base Hospital

The program will be conducted in two-day blocks on a regular Monday and Tuesday pattern at the

**Bev Pratt Chaplaincy Centre,
14 Thompson St., Brown Hill.**

The remainder of the time for participants to accrue their clinical hours will be at

**Grampians Health Services—Ballarat
Base Hospital.**

An additional day will be required for mid-term and final evaluations.

The pastoral care placement for this program is at the Ballarat Base Hospital. The ASACPEV Inc. Standards require a minimum of 100 hours of actual 'hands-on' pastoral care to be provided in the placement.

It is envisaged that the program will be open not only to Uniting Church pastoral visitors, but to all other denominations in Ballarat. Applicants will be initially assessed for interview and five people will be selected as participants with two applicants held in reserve.

This program is sponsored by the Ballarat Regional Healthcare under the auspices of Uniting CPE – The John Paver Centre in collaboration with Grampians Health

EDUCATION - THE SEMINAR SESSIONS

Supervised Pastoral Education is a rigorous action/reflection model of learning – the emphasis is on learning directly from participation in a variety of experiences.

The seminar sessions will be comprised of up to five students and one supervisor. The sessions provide a supervised, self-directed learning experience. Whilst participants set their own goals, the following are the overall objectives of the seminars:

- to help integrate spirituality, practice and personal identity, in both the individual and societal contexts
- to identify and further develop pastoral care gifts and skills
- to acquaint participants with the use of peer group supervision as a way of enhancing spiritual/pastoral care
- to develop the capacity for self-supervision
- to provide an opportunity to identify and work with one's own faith heritage and development
- to offer an inter-disciplinary setting for learning

PASTORAL CARE FORMATION

Supervised Clinical Pastoral Education (CPE) is a programme of education and formation for pastoral care. The program's methodology utilises the action-reflection model of learning.

The action component entails the actual provision of pastoral care within a learning ministry setting.

The reflection component entails the exploration of the pastoral/spiritual experience, the dynamics present, and the theological and spiritual dimensions.

This action-reflection process is integral to the participants' understanding and the formation of their pastoral process identity and competence. CPE is influenced by "theology from the living human document" (Anton Boisen).

INTERVIEWS
